Sensory Gym: We turn our studio into a sensory playground for children of all ages. Babies will roll and shake sensory tubes and Noggin Sticks. Toddlers and preschoolers will move their bodies, follow directions and cooperate with friends during parachute games and tunnel crawls. Hands on exploration at the sensory table and light table will spark interest and curiosity. This program is for children of all ages and their caregivers and is facilitated by your favorite Chalkboard staff. {ages birth - 4}

Babies Play Music: Children birth to 18 months will explore the guitar, piano, and percussion instruments. Prepare to revisit your favorite childhood songs, learn a few new ones, and experience lasting and loving memories with your baby through music. Some parents say the best part of this class is making great friends with the incredible parents and children. Others say it's watching their babies become budding rockstars. Who will have more fun, your baby or you? Class led by Tonya Bergeson-Dana and Jessica Beer, Co-Founders. {birth - 18 months}

BrainDance®: In this one of a kind class for walkers and up children will be guided through eight developmental movement patterns that healthy human beings naturally move through in the first year of life. As babies, we did these movements on our tummies, sides, and back on the floor. However, cycling through these patterns at any age, daily or weekly while sitting or standing, has been found to be beneficial in reorganizing our central nervous system. Repeating these patterns over time may help us fill in any missing gaps in our neurological system. Expect lots of movement. Sounds cool, huh?! {all ages}

Mr. Daniel LIVE!: Jam out with Mr. Daniel every Friday. Make sure you get here early to get a spot since we hit capacity quickly whenever he's here! {all ages}

Urban Beats: Singing, shaking, and dancing to your favorite songs with Ms. Dana. We'll use rhythm sticks, bells, shaker eggs, and other percussive toys to discover our singing voices and express our own unique Beat. {all ages}

Kid Open Mic: Do you have a budding performer who just needs a microphone in hand at all times? An aspiring musician ready to try out that new tune on his favorite instrument? A little one who loves to entertain and be the star of the show? The studio will come equipped with a mic, assorted instruments, a/v feeds and a whole lotta fun!!! {all ages}

Chalkboard After Dark - CPR Training: Join Capt. Tony Collins of the Carmel Fire Department & get CPR Certified. Cost is \$45 per person due upon arrival. This class will provide you with documentation from the American Heart Association and will include the following: Basic Lifesaving Skills - CPR, Airway Obstruction, & AED Use. This is an adult-only event. Childcare will not be provided during the class. {ages 13 & over}

Art with Esther: Art with Esther is a series of short art activities for children of all ages. Each activity teaches a specific technique and helps the child improve his/her fine motor skills through use of art supplies such as scissors, glue, tape, paper, paint brushes, etc. The class is process oriented and adaptable for children new to art. Esther will adjust the crafts to be appropriate for toddlers or preschoolers. You will receive a take-home instruction sheet each week so you can extend the activity at home. Our goal is to make art fun, approachable, and affordable for all families. Brought to you by The Avid Crafter. {all ages}

Story Time: Story Time will be led by Dr. Jessica! Join along as we explore people and things, animals and art, feelings and color, occupations and life lessons, all through stories, books, puppets, characters, and art. This program is for children of all ages and their caregivers. Story time will repeat each Tuesday with new theme beginning on the first and third weeks of the month. {ages birth - 4}

Toddlers Play Music: If you know toddlers, you know they can't sit still. In Toddlers Play Music, caregivers and toddlers will direct this energy into singing songs with finger play, imitation, body movements, and playing instruments during musical games. Children just learning to communicate will enjoy songs that combine sign and voice and lots of repetition. In addition to loud and soft, fast and slow, and high and low, we will also practice one-step directions and listening skills. Expect the unexpected. Class led by Tonya Bergeson-Dana and Jessica Beer, Co-Founders. {ages 18 months-36 months}

Broadway Beginnings: HEY, BROADWAY BABY! Jr. Civic brings its theatre-based curriculum to the Urban Chalkboard! This fun and interactive MUSICAL THEATRE CLASS is for mommy (or daddy, grandma or caregiver!) and your little ones! Utilizing musical theatre as a platform for early-childhood development, the class includes hands-on activities and group exercises that will make your little stars shine. {age 18 months-36 months}

Baby Rave: Bring your babies {or big kids} and dance to kid-friendly dance favorites with Mr. Zach! The last Friday of every month our Play Studio is transformed into a dance hall for the littles. It is soooooo much fun to boogie oogie oogie 'til closing time. We provide glow sticks and you provide the moves! {all ages}

Cat In The Hat: Booth Tarkington Civic Theatre is bringing the Cat In The Hat to The Urban Chalkboard before the Dr. Seuss classic debuts on stage February 22nd March 2nd!!! Join the Cat for a book reading, meet & greet with a photo opportunity. All guests will be treated to a morning of fun, frolic & surprises. Children \$10, no passes or coupons {all ages}
